Take it to the next level with.....  
**Superior GOLD GV-5**  
**Superior GOLD GV-9**

## SUPERIOR ACRYLIC QUICK SET FLOWING

Fully translucent and fast setting adhesive for granite and other dense stones including quartz surface and solid surface. Provides strong “chemical” bonding and is cured with 1%-2% BPO <20 min.

Can be used for *indoor & outdoor* applications.

*Available in Quart, Gallon & 5-Gallon sizes*

## SUPERIOR ACRYLIC SUPER FLOWING

Fully translucent with a higher viscosity than standard Flowing. For bonding, filling and repairing natural and engineered dense stones. Provides strong “chemical” bonding and is cured with 1%-2% BPO <40 min.

Can be used for *indoor & outdoor* applications.

*Available in Quart size only*

## SUPERIOR ACRYLIC PENETRATING

Fully translucent and *water-thin* adhesive. Ideal for filling small cracks and fissures and consolidating slabs. Provides strong “chemical” bonding and is cured with 1%-2% BPO in 3-6 hrs.

Can be used for *indoor & outdoor* applications.

*Available in Quart size only*
